Galloway Point Holiday Park is situated less than a mile from the popular and unspoilt coastal village of Portpatrick, in the Southwest corner of Scotland. Overlooking the Irish Sea, the Park enjoys panoramic views taking in the distant Mountains of Mourne. Galloway Point is a quiet and peaceful site in which to relax. Our emphasis is on quality facilities and we

have extensively refurbished areas of the park, while maintaining its inherent natural beauty. The combination of a well appointed site with appealing scenery makes Galloway Point Holiday Park an attractive haven for visitors, particularly in Spring and early summer when the flora is in full bloom.

The Touring Season runs from March - October. Touring and Motor Homes are well catered for. (Sorry no tents are allowed). All pitches have electric hook up points. Electricity is included in the nightly tariff.

The Shower Block has ramps up to the building which provides excellent access for those less able. It is fully equipped with separate Ladies, Gents and Disabled Shower Rooms. There is a separate dish washing area, laundrette with automatic coin operated machines, dryer and iron facilities. The games room and new play park provide fun and entertainment for the whole family.

We invite you to meet with our sales team to view our extensive range of new and pre-owned models of holiday homes that we have for sale.

Whatever your pursuits, the countryside around Galloway Point can cater for all your needs. Dumfries and Galloway has a rich, historical heritage. The region's proximity to the English border has left a legacy of castles and fortifications which can be explored.

GALLOWAY BARN RESTAURANT is open from 9.00am serving home cooked food all day. Children welcome. Free wifi available.

PORTPATRICK

Portpatrick is one of the most picturesque ports in Scotland. The harbour is still the focal point of the village, sustaining a small fishing industry. It is therefore no surprise to learn that sea angling is a popular pastime with visitors. There is also the opportunity to try river and loch fishing inland.

The small sandy beach offers the visitor a comfortable place to relax and bathe, while the local craft industries appease those with discerning eyes for bargains. A children's playpark, tennis courts, a bowling green, putting green, horse riding, water skiing, a lifeboat museum and the 16th Century Dunskey Castle are among the local attractions.

During the summer a number of activities are arranged by the local community which are fun to attend and provide an insight into the local area - for example the "RNLI lifeboat week" in August and the "Folk Festival" in September.
